Dear Garden Lover:

By this time you have undoubtedly received the copy of my NEW, ILLUSTRATED, 1928 CATALOG of GLADIOLI which I recently sent you. I hope that it reached you safely and promptly and that you have spent many enjoyable evenings going through its pages—enjoying its delightfully beautiful pictures—taking note of the distinctive features which have so endeared Kunderd Gladioli to the flower lovers of America, and abroad.

Possibly the great variety of beauty spread before you in my catalog, the well-nigh unlimited choice of selections, may have made it a bit difficult for you to decide just which Gladioli to select for your garden this season and it has occurred to me that perhaps I can make it easier for you by recommending certain collections from which you can easily choose one or more assortments which will specially meet your requirements.

First, when you turn this page, you will note my two SPECIAL OFFERS for 1928.

Here, for $2.00 or for $3.25, are two collections of Kunderd Gladioli made up of my named varieties found in the catalog and some of my Wonder and Glory mixture, assorted sizes and colors, of my plain and ruffled beauties, not labeled. Either or both of these collections will be sent to you prepaid, in a neat package and what is more, they will be sent to you under my absolute guarantee as described on the next page.

If you feel that possibly some other assortment would be more to your liking then turn to the back page of this letter and note the collections which I have personally chosen for you from among those in the catalog and which I unhesitatingly recommend for beauty, variety and proportion of color. You can choose from among them with implicit confidence that you can depend upon them to please and satisfy you in every particular.

Please note that on my two SPECIAL OFFERS for 1928 I cannot promise to fill orders received after April 15th or to ship more than six each of these to any one customer. Of course you know that if your order is received after April 15th and I cannot fill it I will immediately refund your money.

To make it still simpler and easier for you I have printed an order blank on the following page. All you have to do is fill it in, tear out and enclose with your remittance. Then you will be among the thousands who will reap the pleasures which are the special privilege of growers of Kunderd Gladioli.

Remember that my two SPECIAL OFFERS for 1928 give you beautiful, true Kunderd Gladioli of my choice varieties—that the $2.00 collection is made up of 25 bulbs easily worth $5.00 if bought labeled, and that the $3.25 collection is made up of 50 bulbs easily worth $10.00 if labeled—and that they are covered by my absolute guarantee of safe delivery and your complete satisfaction at growing time.
Let KUNDERD GLADIOLI Make Your Garden Glorious This Year

In Kunderd Gladioli may be found every color tone and blend and marking that appears in almost any other flower. The delicate hues of the orchid, the rich deep colorings of the rose, the exquisite markings of the pansy, all these, with others equally bewitching, are represented in blooms of the Gladiolus.

To this beauty, this versatility and adaptability to various uses, we must add a remarkably long season of bloom and a hardiness which especially endears them to the home gardener. Gladioli are easy to grow and are about the most adaptable of all garden flowers. Nothing else of their class costs so little, or blooms so readily, in most any soil and climate. Their blooming season is long and their color varieties are literally unlimited. The ease of culture, and their comparative freedom from disease and insect enemies, make the Gladiolus, without doubt, the most satisfactory flower to grow, even by the most inexperienced, and no other flower gives so great and so certain returns for the same amount of labor and effort.

In Kunderd Gladioli these natural, inherent traits are brought to fullest perfection. I ship my bulbs all over the world and each year I receive letters after letters from enthusiastic growers and each letter, in one form or another, expresses particular pleasure that my bulbs are so uniformly strong and healthy and can be so generally depended on to produce the most perfect and beautiful blooms.

You too can feel the same confidence that the bulbs you get from me will be strong and healthy and that they will yield you the fullest measure of beauty, pleasure and joyful satisfaction.
